

Daca suferiti de o intoleranta sau alergie, va rugam sa ne comunicati acest lucru inainte de a plasa orice comanda.

Toate datele prezentate sunt stabilite prin comunicarea acestora de catre furnizorii nostri autorizati. Nu putem exclude prezenta altor alergenii (sau urme ale acestora) care ar putea sa apara ca urmare a procesului de fabricatie si / sau manipularii produselor.

Sos soia: Folosim doar sos soia Kikkoman obtinut exclusiv in mod natural din 4 ingrediente, fara aditivi sau procesare chimica. Din linia Profesionala am ales Fancy Grade, unicul recomandat exclusiv pentru sushi de catre Kikkoman (fondata in 1603).

Orez: reteta orezului nostru include vin. Vinul contine sulfiti. In consecinta, va rugam sa luati in considerare in toate produsele noastre care contin orez prezenta acestui alergen, e drept, intr-o cantitate foarte mica de aproximativ 1mg/100g orez.

Apa: apa folosita in prepararea orezului este apa filtrata cu carbune activ, apa minerala, apa plata.

Branza: folosim doar branza naturala provenita din lapte de vaca, fara aditivi, la toate sortimentele din meniul nostru: cream cheese, gouda, gorgonzola, parmezan.

Ulei: folosim doar ulei de prima presa obtinut prin presare la rece pentru toate specialitatile care necesita prajire.

La alergenii se va lua in considerare pe langa cele enumerate si sintagma "produse derivate din acestea".

Ne straduim sa avem mereu toate produsele la dispozitia dumneavoastra, dar va rugam verificati disponibilitatea acestora cu noi.
